Kelly

Reference	Breed	Age	Adoption fee
BC032/19	DSH	3 years old	£90

A little bit about Kelly...

Kelly came to the centre via our local vets after she was involved in an RTA and sadly was never claimed. She suffered a severe fracture to the pelvis which she has now fully recovered from so is currently looking for her forever home. Kelly is a sweet natured girl who now just wants to go home as she has waited so long for her injury to heal. She is an active cat who loves to climb, play and chase her toys, Kelly really will make a great addition to the family. She is suitable to live with secondary school age children but will need to be the only pet.

My personality...

I'd prefer to be the only cat in a home

I need to be able to go outside and explore

I'd prefer an adult only household

I'm independent; I like to do my own thing!
