A little bit about Dapple...

Dapple came to the centre as an unclaimed stray, she had an injury to one of her toes which unfortunately was too old to be fixed so she had it amputated. This has not affected her at all and she manages very well. Dapple will need an experienced owner who will give Dapple the space she needs as she can be a little territorial. Dapple is quite an independent rabbit who likes to keep herself to herself and does not enjoy much handling. In the right home Dapple will make a great pet as she has so much character and is a cheeky happy little girl. We are looking for an adult only home and an existing neutered male rabbit for her to bond with. We are looking for accommodation where the hutch is a minimum of 6ft with an attached run of a minimum 8ft. Any other accommodation will happily be discussed by staff at the centre.

My personality...

I may be able to live with a male rabbit

I need to be able to go outside and explore

I'd prefer an adult only household

I'm independent - I like my own space
