## A little bit about Bella, Bertie and Boo...

Sweet natured kittens who came to us via an inspector after being found abandoned all on their own, they were collected and brought to the centre. Bella, Bertie and Boo were very nervous on arrival so went into foster where they soon came out of their shells and became the happy, playful and cheeky kittens they are today. They love to live life to the max and will keep you entertained for hours with their playful antics. We are looking for a home where adopters will not leave them on their own for long periods while they are still so young, they are suitable to live with other cats and children aged 6 years and over.

### My personality...

I may be able to live with another cat

I could live with children of primary school age

I love company and would like you to be around a good part of the day
