## A little bit about Rosie...

Rosie came to the centre as her previous owner became poorly and could no longer take care of her, she is a very sweet but shy girl who will need patient adopters. Once she knows you she is the sweetest little girl who loves to sit on your lap for cuddle. Rosie enjoys her walks and will walk nicely on the lead, Rosie enjoys the company of smaller dogs so long as they do not get too giddy around her. Larger dogs scare her so if she was to share her home with another dog they need to be nice and calm with her. Rosie has never been left on her own for long periods so we are looking for adopters who are at home most of the time, she will make such a loyal companion for someone. Any children will need to be aged 14 years and over due to her shyness and she has never lived with children before.

### My personality...

I walk nicely on a lead

I can be left alone for short periods

I may be able to live with a friendly cat

I'd prefer an adult only household

I'm small but full of fun

I may be able to live with another dog
