## A little bit about Eden, Ocean and River...

Sweet little girls who came to us via an inspector after their needs were not getting met, they were very shy when first arriving at the centre but slowly they have been coming out of their shells and will now take a treat from your hand. Eden is mother to Ocean and River and are extremely bonded to each other so we are looking for a home where they will be homed together. We will not separate this close knit family under any circumstances. They will need a large degu friendly cage ( the ferret or rat cages are best suited ) to give them lots of space to play about in.
